HAND PAINTING

Our employees learned how to use all the tools and techniques, thanks to which we can admire the final effects in this collection.

This project was quite a challenge for us - apart from learning how to paint, we also had to find media that would meet our expectations. We were looking for acrylic paints that would have the right color and finish. Thanks to the commitment and cooperation of several departments, we found a beautiful, shiny black, elegant gold and discovered the secrets of using gold flakes.
